To Whom It May Concern;

This letter is to acknowledge that the Department of Mechanical and Aerospace Engineering (MAE) at UCLA is aware of the interest of a group of undergraduate students in participating in the NASA Micro-g NExT activity.

The The Ice Fishers at UCLA Team is composed of undergraduate students from the official MAE registered organization, Bruin Spacecraft Group. This team will be submitting a proposal for the Sub Ice Sampling 2018 Challenge.

We are aware that in the case that the team is chosen, the students may be traveling to the Neutral Buoyancy Lab in Houston, Texas, and we endorse their involvement in this activity.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Chris Lynch".

Chris Lynch
Chair, MAE UCLA
